

1122 PROGRAM

THE STATE AND LOCAL LAW ENFORCEMENT EQUIPMENT PROCUREMENT PROGRAM

PROGRAM QUESTIONS AND ANSWERS

What is the State and Local Law Enforcement Equipment Procurement Program?

The program allows State and Local governments to purchase law enforcement equipment through Federal procurement channels, provided that the equipment is used in the performance of *counter-drug, homeland security and emergency response activities*. The program affords State and Local governments the opportunity to maximize their use of taxpayer dollars by taking advantage of the purchasing power of the Federal Government to receive discounts commensurate with large volume purchases.

What is the authority for the State and Local Law Enforcement Equipment Procurement Program?

Section 1122 of the fiscal year 1994 National Defense Authorization Act established the authority for this procurement program. Thus, the authority for the State and Local Law Enforcement Equipment Procurement Program resides with the Department of Defense.

Why is the State and Local Law Enforcement Equipment Procurement Program referred to as the "1122 Program?"

"1122" refers to the section of the fiscal 1994 National Defense Authorization Act which established the program, thus the program is commonly referred to as the "1122 Program."

What agencies are involved in the 1122 Program?

The U.S. Department of the Army (DA), the General Services Administration (GSA), and the Defense Logistics Agency (DLA), are actively involved in the 1122 Program. The DA is the executive agent of the program.

What are GSA’s responsibilities under the 1122 Program?

Under the provision of the statute, GSA is responsible for the development of a catalog, which not only explains the 1122 Program, but also delineates those products which may be procured under the program. GSA is also responsible for providing state agencies with training in the use of the catalog, as well as in ordering procedures under the program.

How does the 1122 Program work?

Each state participating in the 1122 Program designates a State Point of Contact (SPOC) to administer the state’s activities under the program, and to validate the counter-drug, homeland security and emergency response mission of each procurement request.

Are there any restrictions for State and Local law enforcement agencies regarding the use of products available under the 1122 Program?

The statute limits the use of the 1122 Program to items specifically used in the performance of *counter-drug, homeland security and emergency response activities*.

Where can I find additional information regarding the 1122 Program?
