SECTION 404 (2) (a)
DEMOGRAPHIC SUMMARY DATA
FY 2003

Statewide Summary & CMHSP Specific

Overview

The data that is presented in this section was provided by CMHSPs and PIHPs as required by the FY 2003 MDCH/CMHSP and MDCH/PIHP contracts. Demographic data was collected from October 1, 2002 to September 30, 2003 and submitted to the MDCH data Warehouse by April 15, 2004 for inclusion in this report. Nine demographic indicators are presented statewide for five eligibility groups --individuals with mental illness (MI), individuals with a developmental disability (DD), those individuals who are dual diagnosis (MI & DD), individuals who received services only for substance abuse, and persons with an unknown disability. (Very young children, persons newly admitted to service, or individuals who appeared for services only once may not have been diagnosed and therefore it is unknown whether they met the criteria for "mental illness" or "developmental disability".) Selected demographic indicators are then presented separately by CMHSP for the five eligibility groups.

The demographic indicators presented in this section Include:

- Gender
- Age
- Race/Ethnicity
- Correction Status
- Residence
- Total Annual Household Income
- Program Eligibility
- Employment
- Education

Definitions of these demographic indicators are presented in Section 404 (3)
