May
is
National
Stroke
Awareness
Month

When it comes to stroke, knowing the signs and responding quickly can make a significant difference in recovery.

[Studies](#) show that patients who arrived at the emergency room within three hours of their first stroke symptom were generally healthier three months after a stroke than those who did not respond as quickly.

What are the symptoms of stroke? Think **FAST!**

- **F**ace drooping;
- **A**rm weakness;
- **S**peech difficulty; and
- **T**ime to call 911.
