INTRODUCTION

The Michigan Facilities' Guide to SARA Title III, Emergency Planning, and Release Reporting was developed by the Michigan SARA Title III Program in the Department of Environmental Quality (DEQ). This guidebook will help facilities with hazardous and/or toxic chemicals on site understand the regulations that are designed to improve the level of emergency preparedness and chemical awareness in their communities. The guidebook includes reference materials published by state and federal agencies that are pertinent to the regulations.

The Michigan Facilities' Guide to SARA Title III, Emergency Planning, and Release Reporting is intended for guidance only and might be impacted by changes in legislation, rules, and regulations adopted after the date of publication. Although the guidebook makes every effort to provide the user with directions on how to meet the applicable compliance obligations, use of this guidebook does not constitute the rendering of legal advice.

Diligent attention has been given to assure that the information presented herein is accurate as of the date of publication. However, there is no guarantee, expressed or implied, that use of this guidebook will satisfy all regulatory requirements mandated by laws and their respective enforcement agencies. Reliance on information from this document is not usable as a defense in any enforcement action or litigation.
