**+ Special In-classroom Program**

**"Lesson Learned From the Bald Eagle"**

A fun, hands-on educational program which helps reinforce important science & social studies GLCEs and provides a unique opportunity for students to explore:

- A case study of the Bald Eagle-from near extinction to its removal from the Endangered Species List
- Historical Environmental changes & events that have altered the Bay's fishery forever
- How man's use of the land has effected water quality and wildlife populations
- Bio-accumulation of toxins in the food chain & the resulting Fish Consumption Advisory
- The sport of fishing in Michigan's Great Outdoors!
- Michigan's unique variety of fish and wildlife, physical traits and classification
- Food Webs, nature's checks & balances, and our place within it

**Make Your Reservation Now! Funding & Dates are Limited!**

**Bus Stipend made possible through grants from the Michigan Dept. of Community Health & the U.S. Environmental Protection Agency. Given out on first come first serve basis.**

**Your Free Fieldtrip includes:**

- 2 hour classroom pre-visit at your school by naturalist (90 Minute minimum)
- 3-4 hour naturalist-led park visit
- Outdoor & Indoor labs, simulation games, demonstrations

Students will see the Saginaw Bay, visit the Visitor Center's hands-on museum and explore our area's freshwater, coastal ecosystem (recognized as a National Natural Landmark!)

For more Information or to make a program reservation please call or stop by the Saginaw Bay Visitor Center:  
989-667-0717,  
Or e-mail: [blaschkav@michigan.gov](mailto:blaschkav@michigan.gov)  
Located in: Bay City State Recreation Area, 3582 State Park Drive, Bay City, MI 48706

**Each Visit Customized to grade level by selecting one of the following program elective options:**

- Fishing for Fun (5-station fishing clinic, poles & bait included)*
- Discovering & Exploring Our Watershed (hands on ecosystem study)*
- Exploring Freshwater Ecosystems (4-station aquatic habitat survey including chemical testing & pond dipping)*

*A quality learning experience brought to you by the same people who brought you the DEW Trailer traveling outreach program, in years past!*
