**Introduction and Overview**

The State of Michigan, by the Department of Technology, Management and Budget (DTMB/State or Lessee), for the Secretary of State (SOS) is evaluating their space alternatives in Suttons Bay, Michigan. Please respond to the Request for Proposal (RFP) if you (Lessor or Bidder) have a potential location in the geographic boundaries set forth in this RFP. If you have more than one potential location, submit separate proposals for each location.

Please review and read this package thoroughly. Your proposal should be based on the sample documents and the requirements as detailed in this package.

Please be advised that State tax credits and incentives are administered by the Michigan Economic Development Corporation (MEDC), who is the appropriate contact for resources and program information. The DTMB will not accept proposals contingent upon receiving credits, incentives or other project cost inducements.

The State reserves the right to wave any irregularities or defects in any submission; to request clarifications or additional information regarding proposals; to conduct a Best and Final Offer (BAFO); and to reject any and all proposals at its sole discretion. The submission of this RFP does not constitute an agreement to lease with the State. The State shall assume no liability whatsoever for any expense incurred by a Bidder in replying to this RFP, or any development risk of a successful bidder. A lease agreement, if completed, shall be with the Bidder/proposal deemed to be have offered the best value to the State of Michigan.

Pursuant to 1984 PA 431, as amended, ("The DMB Act"), the Department of Technology, Management and Budget is the only agency authorized to enter into lease agreements on behalf of the State of Michigan. No individual, employee or agent of the State of Michigan has authority to bind the State without proper authorization. Bidders are directed to section VI.4. Proposal Submission of this RFP for correct information on the submission of a proposal. Bidders are hereby notified that communications during the RFP process non-compliant with the Proposal Submission guidelines may result in disqualification of a proposal.

Any release to the public of information relating in any respect to the contemplated lease agreement or any other matters set forth (i.e. advertisement, ground breaking, press releases, etc.) must have prior written approval and be made only in the form approved by the DTMB Real Estate Division Director.

**I. Space Requirements**

- I.1. Location:** The space shall be located within the city limits of Suttons Bay. This includes properties on either side of the street delineating the boundaries. Please identify the location of the space by street and mailing address.
- I.2. Space (Premises):** The State requires approximately 800-1,000 usable square feet of office space. The State reserves the right to increase or decrease the size of this requirement by up to 10%. Special circumstances may require more extensive program size changes.

Please verify that the Premises square footage is based upon the A.N.S.I. Z65.1 – 1996 method for calculating space.

- I.3. Parking:** The State requires ten (10) common parking spaces and one (1) handicap/special parking space. Please describe the parking provided at the site, including the total number of spaces available and provide detail as to how you will meet this parking requirement.

- I.4. Occupancy/Commencement:** The Occupancy/Commencement Date is the latest date on which the improvements to the Premises are substantially complete and the Lessor secures a Certificate of Occupancy, or the Lessee begins beneficial use of the Premises. The Lessor will deliver the Premises to the Lessee no later than September 30, 2015.

## II. Lease Term

- II.1. Initial Lease Term:** The Initial Lease Term is for a minimum of ten (10) years; however, the State will consider a longer lease term if economic benefits are deemed to be in the State's best interest.

Please propose a fixed, or flat, rental rate for a Gross Lease: including all expenses – taxes, insurance, janitorial services, maintenance, etc.

The State may elect to pay for utilities separately so please include a cost per square foot to reduce the rental rate if such occurs.

- II.2. Renewal Option(s):** The State requires two (2) five- (5) year options to renew with sixty (60) days advance written notice to the Lessor to exercise such option based on the terms and conditions defined in the Initial Lease. Please outline the rental rate for said option periods.

- II.3. Adjustments/Escalations:** There will be no adjustments made to the rental consideration.

- II.4. Allowances and Contributions:** Please include all allowances and contributions proposed with respect to design costs, construction, moving, and any allowance items (indicate a per square foot moving allowance in the space provided on the Space Available Proposal (SAP) form).

- II.5. Concessions:** Given current market conditions, the State is very interested in acquiring market concessions for this transaction. Any concessions, especially the timing of such, will be a major factor in assessing proposals received. Concessions may include reduced rent, free rent, moving allowances or any other item you are willing to incorporate into the proposal. Clearly a combination of these items may be included also.

- II.6. Cancellation:** Standard cancellation requiring 90-days written notice. All State leases for real property are required to contain a cancellation provision as established within the framework of the Michigan Constitution. The attached SAP form and sample lease contain this provision.

- II.7. Security Deposit:** The State will not provide a security deposit.

- II.8. Automatic Teller Machines (ATMs):** The Lessor specifically consents to the Lessee installing, or having installed through a third-party agreement, automatic teller machines (ATMs) within the Leased Premises.

- II.9. Alternative Terms:** The State may consider proposals with alternative lease terms and conditions if such are determined to be in the best financial interest of the State; however, bidders are encouraged to respond to the specific requirements listed in this RFP, as alternative proposals may or may not be considered. All proposed alterations from the standard form of lease agreement attached to this RFP must be clearly identified. The State must receive sufficient information to accurately assess all proposals. The State reserves the sole and exclusive right to consider alternative proposals, to seek proposal clarification, and to reject any and all proposals.

## III. Building Standards and Systems

- III.1. Building and Tenant Improvements:** Attached are the State of Michigan and the Secretary of State Minimum Design Standards which should be followed when submitting your proposal. The Lessor will be responsible for providing the Premises in a turnkey condition.

The following sections and items in Enclosure "C" should be reviewed and considered carefully when submitting a proposal:

- Chair rail – Section 6.4
- Vestibule - Division O.2 (multiple references)
  - Drywall ceiling – Section 9.1
  - Abrasive Action tile – Section 9.3

- Intake and exhaust vents – Section 15.4
- Power and data – Section 16.11
- 24 hour lighting – Section 16.8
- Vanity medicine cabinets – Section 6.3 and 10.3 (j)
- Drywall Ceiling in public restrooms and security room – Section 9.1
- Public Restroom(s) off lobby – Section 13.3
- Ducted supply and return air vents – Section 15.4
- HVAC test and balance of the system – Section 15.9

If your proposal is a new build requiring site approval, the final approved plan of the Premises must comply with your response to this RFP, including parking requirements.

Please provide a detailed description of the building and other material descriptions; for example, explain the HVAC system, the type of access and security system and procedures, and the telecommunications services available, barrier free design, etc. that will allow the State to understand the quality and appearance of the building.

**III.2. Construction Taxes, Permits and Fees:** The Lessor is responsible for all taxes, permits, fees, etc., required for any construction and/or remodeling. The Lessor is responsible for all necessary inspections by the architect/engineer during the construction and/or remodeling.

**III.3. Environmental Disclosure:** The Lessor covenants that he/she has undertaken a due diligence inquiry of the Premises. The Premises, and property on which the Premises are located, are free of any toxic, hazardous or injurious substances as defined under Federal and State laws and regulations. The attached sample lease contains environmental provisions that must be adhered to when entering into a lease with the State of Michigan. These provisions, as recited in the lease, will not be altered. Proposers are directed to the attached lease to review all environmental requirements.

**III.4. Energy Efficiency and Conservation:** The following sections apply to space leased by State Departments or Agencies, pursuant to Executive Directive 2007-22: *Enhanced Energy Efficiency and Conservation by State Departments and Agencies:*

V. C – when the state is entering into a lease agreement for a state department or agency to occupy a portion or all of a building leased by this state at a new location, the building qualifies for Energy Star® designation whenever feasible.
