**SCRAP TIRE CLEANUP GRANT PROGRAM APPLICATION FOR FISCAL YEAR 2021**

**PROJECT NARRATIVE REQUIREMENTS – ALL APPLICANTS**

**COMPLETE IN ADDITION TO PREVIOUS**

**All items below must be included in a written project narrative for this application to be considered complete. Attach additional pages, if necessary.**

1. Description of the scrap tire site’s potential to adversely affect the environment, public health, or urban renewal efforts including, but not limited to the following:
  - a. Proximity of the site to a source of water for public/private water supply (e.g., Type I – community water supply system, Type II – noncommunity water supply system, surface water, or groundwater).
  - b. Proximity of the site to a designated wellhead delineation area.
  - c. Proximity of the site to surface water (including wetlands and drainage ditches). Provide the name of the surface water.
  - d. Proximity of the site to forested areas.
  - e. Proximity of the site to a residential community.
  - f. Size of residential community (population/area).
  - g. Accessibility to the site (i.e., fenced, enclosed in other ways, or openly exposed to the public).
  - h. Effect of the site on the community.
  - i. Economic need of the community for funding assistance.
  - j. Describe any current or future urban development efforts for the area.
2. Degree of community support for cleanup (e.g., in-kind services, cleanup efforts, financial support). Indicate whether the efforts are part of a formal plan for development.
3. For applicants for cleanup days for small accumulations of scrap tires or scrap tires dumped on publicly owned properties or roadside cleanups, in areas where dumping appears to occur frequently, a written commitment to target that area for anti-dumping enforcement.
4. Describe any cleanup efforts on the part of the applicant to date including number of tires removed.
5. If applicant intends to remove more than one passenger tire for the per tire reimbursement amount, please indicate how this will be accomplished and the proposed number of tires to be removed.
6. If the site is located in the northern Lower Peninsula or Upper Peninsula, please describe the reasons, if any, additional transportation costs will be incurred and the request for any additional funds needed to offset these costs. Additional transportation costs must be agreed to and approved by EGLE.
7. Out-of-state haulers/processors may be considered and approved by EGLE on a case-by-case basis for tires **located in the UP**, provided the applicant is unable to find a Michigan hauler/processor willing to travel to the UP or provide services for the grant reimbursement amount. Out-of-state haulers/processors must meet conditions detailed in the Application and Evaluation portion of this application package.
8. If applicable, explain any extenuating circumstances that necessitate Grantee assignment of payments to the processor. Include a request for such assignment and written agreement from the processor to this assignment.
