Re: WARN Act Notice for AK Steel – Dearborn Works

Dear Mr. Marcotte:

I regret to inform you that, due to rapidly deteriorating business conditions, Cleveland-Cliffs has made the difficult decision to permanently shut down the hot strip mill, annealing, and tempering operations at the AK Steel Dearborn Works, located at 4001 Miller Road in Dearborn, Michigan.

Employment separations associated with this shutdown will begin on July 5, 2020. Cleveland-Cliffs expects approximately 343 employees will be affected by this shutdown.

Should you have any questions, or need any additional information, please feel free to contact me at 513-425-2621.

Sincerely,

A handwritten signature in blue ink that reads 'James R. Dyckman'.

James R. Dyckman
