Using and Maintaining the F&T Manual

The F&T Manual consolidates and replaces the F&T and F&T Plus program guidelines that were previously issued by the Workforce Development Agency, State of Michigan. The Manual is designed to be printed or used as a desktop reference for the Michigan Works! Agencies (MWAs) and their contractors.

Definitions of terms will not be given each time they occur in the manual. Definitions are included in the [glossary section](#) of the manual. A list of commonly used acronyms has been provided as well.

Revised and/or additional chapters, sections, and pages will be issued as necessary. Pages are numbered sequentially within each chapter.

The manual should be kept at hand in a loose-leaf notebook or binder so that changes, additions, and deletions can be easily made.

WD is funded by State and Federal funds. More details are available on the Legal Disclaimer page at michigan.gov/workforce.
