

While the Michigan Department of Agriculture & Rural Development administers the exams, study manuals are purchased through the National Pesticide Safety Education Center and Michigan State University Extension. To obtain manuals:

1. Visit the National Pesticide Safety Education Center at <https://npsecstore.com/pages/michigan>.
2. Some manuals are available in PDF format for free at http://www.ipm.msu.edu/pesticide_education_safety/training_manuals
3. Visit your local MSU Extension office. Find locations at <http://msue.anr.msu.edu> and click on "Counties" on the left. County offices carry the more commonly requested manuals, but not all. We recommend that you call ahead to confirm that they have the manual you want available.
