

January 6, 2011

VIA CERTIFIED MAIL

Chong-Anna Canfora
 Director
 Rapid Response Section, Michigan Dept. of Labor & Economic Growth
 201 N. Washington Sq., 3rd Floor
 Lansing, MI 48913

Dear Director Canfora,

This notice is being sent to you as the state dislocated worker unit or chief elected official of the unit of local government under the provisions of the Indiana, Michigan and federal Worker Adjustment and Retraining Notification Acts (WARN). This letter is to advise you of information regarding a mass layoff or plant closing (collectively referred to herein as "plant closing") that will take place in your jurisdiction on March 31, 2011.

On January 6, 2011, Medtec Ambulance Corporation announced that it would be ceasing manufacturing operations at their 2429 Lincoln Way East, Goshen, Indiana 46525 and 71049 S. US 131, White Pigeon, Michigan 49099 facilities. Although the company cannot say that it will never resume manufacturing operations at these facilities, there are currently no plans to do so, and therefore these separations are considered permanent. These employees are not represented by a union and while some employees may be transferred to a different facility, there are no "bumping" rights for separated employees. Please find the enclosed copy of the notice letter provided to affected employees. The Company's FEIN Number is 35-1570451.

Attached you will find a list of positions by classification, separated by facility, that will be impacted and the number of employees in each position. If you need any additional information or want further clarification, you may contact David Wittig, Human Resource Manager, at 574-534-2631.

Regards,

Jodie Larsen
 Vice President of Human Resources
