MI-Access and M-STEP Online Preliminary Reporting

The Spring 2015 MI-Access preliminary reports for all grades are now available and provide an initial view of how students performed on their MI-Access test this year. On June 29, 2015, grades 3, 6, and high school M-STEP raw score data will be added to the Spring 2015 M-STEP preliminary reports.

Appropriate Use of Data

The information in these reports is preliminary and only contains raw score data. Scale scores and performance levels will reflect on the final reports and are not available until additional processes have been completed. These preliminary reports should not be used for any high stakes decisions (e.g., grade or course placement, curricular decisions, teacher evaluations).

The preliminary report data are embargoed. These reports are for internal use only, and are not to be shared or made public.

What's in the Reports – About the Data

- Only raw score data for **students who tested online** will be included.
- The raw score data are reported as points earned out of points possible.

(Continued on next page)

Spotlight on Student Assessment and Accountability

The webinar will provide the information necessary for any Michigan schools participating in fall 2015 PSAT/NMSQT to complete their requests and act as a preview for the spring 2016 state-provided assessments. Come learn about the SSD Online system, understand the College Board guidelines, and get all of your questions answered by College Board experts!

We are looking to schedule the webinar in early July. Please email us if you are interested at michiganpsat@collegeboard.org and we will send you the information to register as soon as we have it. We should have details finalized in the next few days.

Full SAT Practice Tests Now Available

Students can simulate test day by printing and taking the official redesigned SAT practice tests. These four tests are provided as PDFs on the College Board website at: <https://collegereadiness.collegeboard.org/sat/practice/full-length-practice-tests>.

After students have finished a practice test, they can use an answer explanation PDF to check answers, read answer explanations, and learn from their mistakes.

Reminders

Register Now

Registration is open for the 2015 DAS Fall Conferences for Assessment and Accountability. Come and join us for a day of presentations from DAS staff covering essential topics such as 2015 Accountability updates, Online Reporting, 2016 Assessments, Preparing for the SAT, and much more.

The conferences will be held on 4 different dates at 4 locations throughout the state. Please register for one of the following:

Testing Schedules for Next Year!

We are working to get information out as soon as possible regarding next year's testing windows. We would like to provide as much planning time as possible for districts and schools to prepare next year's calendar. We are working with educators around the state over the next several weeks through our surveys and focus groups to gather feedback on how test administration within this year's test window structure went. We hope to use that feedback to create an even better experience for schools next year, and will have detailed test window guidance published in the Spotlight in August.

Today, however, we want to provide some key information that can begin all of our planning for a great assessment in 2016.

- Our online testing windows will not open prior to April 11, 2016, and will end by May 27, 2016. Guidance around when grade levels or content areas will assess within that larger window will be provided later this summer.
- Our statewide SAT date is April 12, 2016.
- Our statewide WorkKeys date is April 13, 2016.

With the added benefit of the April administration date of the SAT, the College Board will be able to release items and item level information in the reports that educators, students, and parents will be able to see. This will be the first time we will be able to provide this valuable benefit from the college entrance exam portion of the Michigan Merit Exam.

With the recent addition of the PSAT for 9th and 10th graders, we are still working out details around administration dates for those exams and will provide those as soon as possible.

Thanks for your patience as we work through all the great feedback we're receiving around testing windows and schedules. We will get detailed information out later this summer.

Reminders

Thanks again for all the very hard work that led to a very successful administration of the M-STEP this year. We look forward to another great year!

WIDA ACCESS and Alternate ACCESS for ELLs Score Release Preparation

Scores for the WIDA ACCESS for ELLs and Alternate ACCESS for ELLs are expected to be available in late June. At that time, districts will have access to the Student Data File through the MDE Secure Site. Paper reports will be shipped to schools in July.

To prepare for receipt of student scores, schools are encouraged to do the following:

- Review the *Interpretive Guide for Score Reports* at www.wida.us under the Assessments, ACCESS for ELLs page, Scores & Reports section.
- Watch the 2015 ACCESS Score Reports Webinar (under Downloads & Products on the ACCESS for ELLs page)
- Review the *Alternate ACCESS Interpretive Guide for Score Reports* at www.wida.us under the Assessments, Alternate ACCESS for ELLs page, Scores & Reports section.
- Watch the 2015 Alternate ACCESS Score Reports Webinar (under Downloads & Products on the Alternate ACCESS page).

Districts should also review the recently revised [Entrance and Exit Protocol](#) (EEP) to learn how to make exiting decisions for students identified as English Learners (ELs). For further questions and clarifications on the EEP, please contact Shereen Tabrizi at OFSSpecialPops@michigan.gov.

Participation At-Risk Notice

The Michigan Department of Education has released a list of schools that received a red overall Scorecard result for 2013–14 due to low assessment participation rates. The schools on this list are at-risk for being subjected to supports and interventions for not meeting the required 95% participation rate on state assessments for two consecutive years. Reviewing the *M-STEP/ MI-Access Verification of Not Tested* window in the Secure Site could prevent your school from being identified as noncompliant for assessment participation. It is important that you submit issues for students not tested for possible exemption while the *M-STEP/ MI-Access Verification of Not Tested* window is available. Please be sure to review the reports provided in the *Verification of Not Tested* window.

For more information on being at-risk for assessment participation noncompliance and to review the list, please visit: http://www.michigan.gov/documents/mde/List_of_Schools_At-Risk_for_Participation_Noncompliance_491463_7.pdf.
