Spring 2017 MI-Access, PSAT 8/9, and PSAT 10 Student Data Files Now Available

The Office of Educational Assessment and Accountability (OEAA) is pleased to announce the availability of the downloadable Spring 2017 MI-Access Student Data File, as well as the PSAT 8/9 and PSAT 10 Student Data Files from the Secure Site. These files are **embargoed** until the public release of Spring 2017 assessment results. Access to the Spring 2017 MI-Access Preliminary Reports on the Dynamic Score Reporting Site has been removed now that final data is available.

To download your school's student data files, log into the OEAA Secure Site, go to the Report menu and select Student Test Scores. These student data files contain only student level data. Aggregate data files for M-STEP and MI-Access will be available later in the summer.

(Continued on next page)

The following Spring 2017 Student Data Files are currently available on the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure) (www.michigan.gov/oeaa-secure):

- Early Literacy and Mathematics Benchmark Assessments – not embargoed
- MI-Access - **embargoed**
- M-STEP – **embargoed**
- PSAT 8/9 – **embargoed**
- PSAT 10 - **embargoed**
- SAT – **embargoed**
- WIDA ACCESS for ELLs (includes WIDA Alternate ACCESS for ELLs) - not embargoed
- WorkKeys – **embargoed**

Again, the Spring 2017 MI-Access, M-STEP, PSAT 8/9, PSAT 10, SAT, and WorkKeys data are **EMBARGOED** until the public release of Spring 2017 assessment results later this summer. Districts and schools will be notified through the Spotlight on Student Assessment and Accountability Newsletter when the embargo has been lifted.

IMPORTANT – While embargoed individual student results may be shared with parents at this time, it is **NOT** permissible to share any school-, district-, or state-level results with parents, the community, or other external parties until the embargo is lifted by the MDE. School Board meetings are considered open meetings; therefore, the sharing of embargoed assessment results at these meetings is not permissible until the embargo is lifted.

Spring 2017 M-STEP Aggregate-level Reports

We are excited to announce that several M-STEP aggregate-level reports for the Spring 2017 administration are available in the Dynamic Score Reporting System through the Secure Site. These **embargoed** reports include:

- Comprehensive Reports - district and ISD levels
- Demographic Reports - school, district, and ISD levels
- Expectation Analysis Reports - school and district levels

Please note: the Expectation Analysis Report has a known formatting bug when printing multiple grades at a time. Printing works as expected when limiting print to a single grade.

These reports join the **embargoed** Student level reports already available:

- Individual Student Reports
- Student Roster Reports
- Student Overview Reports
- Online Parent Reports

To access your district and school M-STEP reports, log into the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure) (www.michigan.gov/oeaa-secure); authorized users may go to the Report menu and select Dynamic Score Reports. For additional information on accessing the Dynamic Score Reports, go to the [OEAA Secure Site Training](http://www.michigan.gov/seuresitetraining) (www.michigan.gov/seuresitetraining) website and scroll down to the Student Scores/Reporting section.

Please remember: all Spring 2017 MI-Access, M-STEP, PSAT 8/9, PSAT 10, SAT, and WorkKeys test results are **EMBARGOED** until the public release of Spring 2017 assessment results later this summer. Districts and schools will be notified through the Spotlight on Student Assessment and Accountability Newsletter when the embargo has been lifted.

IMPORTANT – While embargoed individual student results may be shared with parents at this time, it is **NOT** permissible to share any school, district, or state-level results with parents, the community, or other external parties until the embargo is lifted by the MDE. School Board meetings are considered open meetings; therefore, the sharing of embargoed assessment results at these meetings is not permissible until the embargo is lifted.

New Student Test Scores

Did you know that you can access new student test scores on the Secure Site even if they did not test at your school? Each student has a Primary Educational Providing Entity (PEPE) in the Michigan Student Data System (MSDS) based on their enrollment record in MSDS. The PEPE is changed in MSDS by submitting enrollment information using a student record maintenance (SRM) file or through a general collection submission. You can access a new student's historic state assessment scores in the Secure Site once your school becomes the PEPE in MSDS. If you would like to access the student's scores on the Secure Site before the fall general collection is closed in early December, you will need to work with the district pupil accounting person to submit an SRM in the MSDS to change the student's PEPE.

Once the school becomes the PEPE in MSDS, the scores will immediately be available to you on the Secure Site. Detailed instructions on [Accessing New Student's State Assessment Scores](http://www.michigan.gov/documents/mde/Accessing_New_Students_State_Assessment_Scores_jl_538100_7.pdf) (http://www.michigan.gov/documents/mde/Accessing_New_Students_State_Assessment_Scores_jl_538100_7.pdf) can be found at [Secure Site Training and Resource Material](http://www.michigan.gov/secsitesite/training) (www.michigan.gov/secsitesite/training) under the Student Scores/Reporting section.

Fall and Spring Assessments

Like last year, schools do NOT need to order materials for the primary date of the Michigan-provided SAT, PSAT 10, and PSAT 8/9 assessments in Spring 2018 through the College Board's test ordering system. If you elect to participate in fall testing of PSAT/NMSQT or PSAT 8/9, materials should be ordered directly through College Board. Fall testing of PSAT/NMSQT or PSAT 8/9 is not provided by the Michigan Department of Education.

National SAT Administrations for Students with Certain Disabilities

The majority of students who sign up to take a national weekend administration of the SAT will take the test at the test center in which they register. However, for students who require certain accommodations—which include 100% extended time testing over two days, MP3 Audio, Assistive Technology (ATC), braille, or large font needs greater than 20 point—the opportunity is offered to test in their school due to their special testing needs. This means your school, even if you have not signed up to be a national test center, may

have students looking to test at your location. The decision to support this administration is completely at the discretion of the school. Neither the College Board nor the Michigan Department of Education requires you to participate nor does this have an impact on the state-provided spring testing. To see the students at your school who have been approved for the accommodations noted above, as well as any administrations for which those students have registered, your school's SSD (Services for Students with Disabilities) Coordinator can log in to the SSD Online system. If you decide to not support the national testing for these students, College Board will work with students directly to find another school in the area that is available. If you have questions, please contact the SSD Department at 844-255-7728.
