

CRIME VICTIM SERVICES COMMISSION

**ANNUAL REPORT
FY 2017**

October 1, 2016 - September 30, 2017

CRIME VICTIM SERVICES COMMISSION

Introduction

The Crime Victim Services Commission (CVSC) is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan.

The Commission is governed by a governor-appointed board comprised of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The Commission is empowered to investigate and determine claims for crime victims' compensation. The Commission monitors, evaluates and coordinates state and local victim assistance programs. It also determines and administers revenue and assessments required in support of services under the Crime Victim's Rights Act. Finally, the Commission administers federal grant funding under the Victim of Crime Act of 1984 (VOCA).

The Commission was created by P.A. 519 of 1996 and succeeds the Crime Victims Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the Commission from the Department of Management and Budget to the Michigan Department of Community Health (MDCH). Executive Order 2015-4 merged the Department of Community Health and the Department of Human Services into the Michigan Department of Health and Human Services (MDHHS).

Under MDHHS, the CVSC administers three victim service programs providing more than \$20 million in services for more than 250,000 citizens each year. The programs include Crime Victims Compensation, Crime Victim's Rights, and Victims of Crime Act (VOCA). All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The Commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the Commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide Michigan Victim Information and Notification Everyday project (MI-VINE).

The Commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals who work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the Commission shall give an annual report of its activities to the Governor and the state Legislature. The Commission is pleased to provide this report for the period of October 1, 2016 through September 30, 2017.

The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group because of race, religion, age, national origin, color, height, weight, marital status, genetic information, sex, sexual orientation, gender identity or expression, political beliefs or disability.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

MI-VINE – The Michigan VINE Service

MI-VINE is a free, confidential, fully automated notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MI-VINE can relay important custody court or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Michigan Department of Corrections (MDOC) or participating county jails. Victims whose perpetrator is being held in MDOC will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the MDOC. Victims may also log onto www.vinelink.com to receive e-mail, text, or telephone notification of the custody status of offenders in the Michigan DOC county jails and /or to receive notification of court events involved in their case.

During the 2017 fiscal year, 169,880 individuals registered to receive notification of custody status and/or court events with MI-VINE. Automated victim notification is an important part of the criminal justice process toolbox and is utilized by law enforcement and prosecution through the state. In addition to MDOC, there are 71 prosecutor offices and 76 sheriff offices participating in the MI-VINE Network.

Crime Victim Rights Training and Coordination

Prosecuting Attorneys Association of Michigan – Victim Rights Training Unit

Through our partnership with the Prosecuting Attorneys Association of Michigan's Victim Rights Training Unit, the Commission continued providing quality training for victim advocates in Michigan. As a result of this project, victim advocates from across the state attend annual seminar and leadership programs. Some trainings, approved through the social work continuing education units, respond to the special focus of victim needs. The basic training for new advocates retains the National Organization for Victim Assistance (NOVA) accreditation. It is important that victim advocates maintain and enhance their skills. This training program and partnership with the Prosecuting Attorneys Association of Michigan provides victim advocates with effective and progressive training opportunities. Victim advocates working for prosecutor offices across Michigan remain the front-line providers of crime victims' rights. During the 2017 fiscal year training topics covered areas such as: A Multidisciplinary Approach to Victims of Trauma, an Overview of the Michigan Prison System, Four Regional Roundtables focusing on HIV/STD Procedures, testing and certification as well as Web Omni, Victim Advocate, Heal Thyself: Red Tools For Addressing and Transforming Vicarious Trauma, Probation/Parole & Restitution, Crisis Intervention, and the 2017 Annual Victim Rights Conference. Through the evaluation process, a majority of participants rated trainings in the good to excellent range.

Michigan Sheriffs' Association, Training and Technical Assistance Project

The Commission's relationship with the Michigan Sheriffs' Association (MSA) continued during the 2017 fiscal year through the grant to support the Statewide Training and Technical Assistance, Volunteer Victim Advocate Program. Volunteer Victim Assistance Teams work in coordination with local law enforcement at the scene to provide short-term crisis intervention for victims. Currently, there are 51 active Volunteer Victim Advocate Teams within the state that provide services to more than 4,486 victims and their families. Volunteer victim advocates are caring compassionate individuals who are recruited from the community. They represent a broad section of the population and have often experienced their own personal tragedy and want to give back to their communities. During the 2017 fiscal year, the Michigan Sheriffs' Association trained 114 new advocates at five, 20-hour trainings held throughout the state. MSA held a Volunteer Victim Advocate Conference in April of 2017 with over 230 in attendance. Trainings provide the volunteer victim advocates with the skills needed when dealing with victims and their families.

Victim of Crime Act (VOCA) Program Collaborations

Outreach continues to local non—profit, public agencies, and community groups that serve crime victims to provide information about the VOCA Grant, the grant application process, training offerings, and training collaborations.

Serving Victims of Mass Violence

CVSC staff worked with the federal Office for Victims of Crime and their Consultant Dr. Jennie Barr to respond to the incident from February 2016 in which an Uber driver killed six and critically wounded two individuals in between taking fares in the Kalamazoo/Battle Creek area. Five bicyclists were killed and four others seriously injured when they were struck by a pickup truck in June 2016 in Kalamazoo County. CVSC staff continues to work with the local community to coordinate VOCA funding and seek additional federal resources in order to support this community in their healing and recovery.

Victim of Crime Act (VOCA) Training and Technical Assistance Efforts

VOCA Training Needs Assessment

The Commission conducted a needs assessment to learn more about the training needs of crime victim service providers and other allied professionals who work with crime victims throughout the state. A Victims of Crime Act (VOCA) Discretionary Training grant awarded to the Crime Victim Services Commission from the federal Office for Victims of Crime supported this effort to collect comprehensive statewide data on training needs from agency directors, staff, and volunteers working in public and non-profit agencies that serve crime victims and survivors. As part of this effort, an online training needs assessment survey was administered to victim service providers and other allied professionals in June of 2016. In total, 943 people began the online training needs assessment survey and 626 people completed the survey in its entirety. There was a high level of diversity among respondents by gender, years of experience in the field, and location of respondents' agencies and organizations.

Nearly all respondents (96.2%) are paid staff members. Over half of respondents (50.3%) have worked or volunteered in the crime victim assistance field for ten years or less, and nearly one in four respondents (24.7%) have 20 or more years of experience. Respondents from 77 counties completed the survey. Nearly one in four

respondents (23%) are agency managers, and two-thirds of respondents' agencies (66.5%) have ten or more full-time employees (FTEs). Three out of ten respondents (30.3%) self-identified as being a victim or survivor of crime.

In-depth key informant interviews with state-level victim assistance program leaders and local and Tribal leaders and stakeholders representing victim services agencies/ organizations comprised the second and third components of the Statewide Training Needs Assessment Project. More than half of the state-level interviewees identified collaborations and partnerships as the one greatest strength of victim assistance training in Michigan, and 25% of interviewees identified the people involved in the field as the greatest strength. The greatest challenge to providing effective training cited was the opportunity to provide and access training, including geographic challenges and the diversity of communities and clients in Michigan, among others.

The majority of state leaders identified effective communication skills as the most important skill for effective victim assistance and advocacy. Three additional skills that were cited by three interviewees each include empathy and compassion; being trauma-informed; and knowing options and resources available to clients. By far, the victims' right that state leaders felt is most important for the purposes of training is "reasonable protection from abuse, threats of physical violence, and/or intimidation against the victim."

The majority of state leaders identified effective communication skills as the most important skills for effective victim assistance and advocacy. Three additional skills that were cited by three interviewees each included empathy and compassion, being trauma-informed and knowing options and resources available to clients. By far, the victims' right that state leaders felt is most important for the purposes of training is "reasonable protection from abuse, threats of physical violence, and/or intimidation against the victim".

The recommendation for overall improvement cited by several state leaders is for the Commission to use the findings from this project to improve training for victim service providers in Michigan. The longer term goal is to develop a strategic plan for training victim assistance service providers and others who work with crime victims.

Conversations with key stakeholders and advisory board members about the Strategic Training Plan identified that while there was training for many crime victim advocates there was no comprehensive knowledge base of trainings and resources in the state. This knowledge base was needed to identify which advocates receive quality training on the aforementioned skill set and where there were gaps.

VOCA Training Activities

The Commission conducted webinar and in-person trainings for recipients of federal VOCA grant funds during 2017. The training efforts focused on a number of topics including training on how to use the on-line grants management system, federal grant compliance requirements and financial and programmatic grant reporting requirements.

After a competitive grant award process in 2017, VOCA Grant funds were awarded to an additional Children's Advocacy Center in Michigan to cover a large percentage of the counties within Michigan's lower peninsula. The Commission supported training and technical assistance to communities seeking to develop or sustain a

Children’s Advocacy Center (CAC) by the Children’s Advocacy Center of Michigan (CAC-MI). In 2017 CAC-MI completed a feasibility study and needs assessment whose purpose was to guide the growth and development of Children’s Advocacy Centers in Michigan. The goal is for all of Michigan’s children to have access to this important victim service regardless of where they reside in the state. CVSC intends to use this strategic plan to inform our VOCA grant funding process and continue to support the regionalization of services throughout Michigan. It will avoid duplication of effort so that grant resources are available to communities that need them.

United Three Fires Against Violence, a tribal coalition, held an outreach meeting in September 2017 with tribal representatives to learn about VOCA grant program and the grant application process.

The Commission supported trainings offered by the Michigan Coalition to End Domestic and Sexual Violence to provide skills development training to victim service staff from local programs.

These three organizations provided during FY 10/1/2016-9/30/2017.

Grant Monitoring and Oversight

Monitoring of VOCA Grantees (sub-recipients) is performed in compliance with federal and state rules and laws. Monitoring activities includes staff review of monthly financial status reports, quarterly program reports, annual financial and performance reports submitted and financial and desk audits. CVSC assesses progress in meeting goals and objectives and to evaluate outcome measures and program effectiveness. MDHHS issues management decisions and requires a corrective action plan if weaknesses are found through financial or programmatic audits or review. Corrective action plans, if required, were required, were received from agencies visited or had desk audits in 2017 to ensure grant compliance.

VOCA Grant Compliance Review Site Visits

The Commission staff conducted grant compliance on site reviews at selected federally funded victim assistance projects. All agencies were found to be in satisfactory compliance with contractual requirements.

VOCA Grant Financial Compliance Review Audits

The financial audit staff conducted desk audit reviews of selected federally funded victim assistance projects. The desk reviews consist of documentation review (such as paid receipts and check subs) to ensure that federal grant expenditures reported are actual costs and are adequately supported by agency source documentation.

Victims of Crime (VOCA) Crime Victims Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the Crime Victims Assistance program provides federal dollars in grants to **local public and non-profit agencies** that engage in direct services to crime victims in the community. Annual support levels to the state are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services are efforts that respond to the emotional and physical needs of crime victims; assist victims of crime to stabilize their lives after victimization; assist victims to

understand and participate in the criminal justice system; or restore a measure of security and safety for the victims. To be eligible, an agency must promote public and private coordination; utilize volunteers; have non-federal sources of service funds; assist victims with compensation claims; and have a proven record of direct service provision to victims of crime.

	<u>2017</u>
Total VOCA Grant Funds Awarded	\$30,562,483
Number of VOCA Grants Awarded	127
Victims Receiving Services	83,306
Victims Receiving Services for the first time	41,088

Service Area	Individuals Receiving Services	Total Number of Services
Information and Referral	70,669	163,932
Personal Advocacy/Accompaniment	23,020	45,855
Emotional Support or Safety Services	52,956	144,000
Shelter/Housing Services	3,027	9,088
Criminal/Civil Justice System Assistance	27,883	53,187

Crime Victim’s Rights and Assessment Revenue

The Crime Victim Rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to Michigan’s prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim’s Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victims Compensation Act and for costs associated with supporting MI-VINE, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

	<u>2017</u>
Victim Rights Prosecutor Grants	\$7,260,163
Victim Rights Cases	80,080
MI-VINE Crime Victims Registered for Notification	1 69,880
MI-VINE Crime Victim Notification Calls	36,332
MI-VINE Email Notifications	107,750
MI-VINE Text Notifications	147,970
MI-VINE TTY	37

Crime Victims Compensation

During FY 2016-2017, the Crime Victims Compensation program paid out over \$2 million in direct financial assistance to **crime victims** in 561 claim awards. In 39 years of operation, the program has paid out \$102 million in 38,818 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim’s family.

	<u>2017</u>
Claims Filed	762
Claims Awarded	561
Claims Denied	293
Total Compensation Awarded	\$2,044,586
Average Award	3,644

Sexual Assault Forensic Examination (S.A.F.E.) Response

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Department of Community Health (now the Department of Health and Human Services), Crime Victim Services Commission. Sexual assault victims can obtain a sexual assault forensic examination (S.A.F.E) at no cost to them, and they do not have to cooperate with law enforcement in order to obtain a free forensic examination.

	<u>2017</u>
S.A.F.E. Claims Filed	1,968
Total Paid on S.A.F.E. Claims (All State Dollars)	\$891,668

In fiscal year 2016-2017, state revenue paid out \$891,668 in payments for sexual assault forensic examinations directly to providers.

History of Authorization for Crime Victim Services

Crime Victims Compensation Act-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended seven times between 1985 and 2010 to expand basic program eligibility and coverage for victims.

Victims of Crime Act of 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

The William Van Regenmorter Crime Victim's Rights Act-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victim's Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Michigan Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

Constitutional Amendment For Crime Victims Rights

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victim's rights, and provided legislative authority to assess convicted defendants to pay for crime victim's rights.

The Criminal Assessments Act-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victim Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The Commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the Commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to them.
