

CRIME VICTIM SERVICES COMMISSION

**ANNUAL REPORT
FY 2018**

October 1, 2017 - September 30, 2018

CRIME VICTIM SERVICES COMMISSION

Introduction

The Crime Victim Services Commission (CVSC) is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan.

The Commission is governed by a governor-appointed board comprised of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The Commission is empowered to investigate and determine claims for crime victims' compensation. The Commission monitors, evaluates and coordinates state and local victim assistance programs. It also determines and administers revenue and assessments required in support of services under the Crime Victim's Rights Act. Finally, the Commission administers federal grant funding under the Victim of Crime Act of 1984 (VOCA).

The Commission was created by P.A. 519 of 1996 and succeeds the Crime Victims Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the Commission from the Department of Management and Budget to the Michigan Department of Community Health (MDCH). Executive Order 2015-4 merged the Department of Community Health and the Department of Human Services into the Michigan Department of Health and Human Services (MDHHS).

Under MDHHS, the CVSC administers three victim service programs providing more than \$20 million in services for more than 250,000 citizens each year. The programs include Crime Victims Compensation, Crime Victim's Rights, and Victims of Crime Act (VOCA). All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The Commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the Commission also supports training and technical assistance for state victim advocates and is project leader for the statewide Michigan Victim Information and Notification Everyday project (MI-VINE).

The Commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals who work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the Commission shall give an annual report of its activities to the Governor and the state Legislature. The Commission is pleased to provide this report for the period of October 1, 2017 through September 30, 2018.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

MI-VINE – The Michigan VINE Service

MI-VINE is a free, confidential, fully automated notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MI-VINE can relay important custody court or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Michigan Department of Corrections (MDOC) or participating county jails. Victims whose perpetrator is being held in MDOC will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the MDOC. Victims may also log onto www.vinelink.com to receive e-mail, text, or telephone notification of the custody status of offenders in Michigan county jails and /or to receive notification of court events involved in their case.

During the 2018 fiscal year, 17,848 individuals registered to receive notification of custody status and/or court events with MI-VINE. Automated victim notification is an important part of the criminal justice process toolbox and is utilized by law enforcement and prosecution through the state. In addition to MDOC, there are 71 prosecutor offices and 76 sheriff offices participating in the MI-VINE Network.

Victim of Crime Act (VOCA)

Program Collaborations

Outreach continues to local non-profit, public agencies, and community groups that serve crime victims to provide information about the VOCA Grant, the grant application process, training offerings, and training collaborations.

Serving Victims of Mass Violence

CVSC staff worked with the federal Office for Victims of Crime and their consultant, Dr. Jennie Barr, to respond to the incident from February 2016 in which an Uber driver killed six and critically wounded two individuals in between taking fares in the Kalamazoo/Battle Creek area. Five bicyclists were killed and four others seriously injured when they were struck by a pickup truck in June 2016 in Kalamazoo County. CVSC staff continues to work with the local community to coordinate VOCA funding and seek additional federal resources in order to support this community in their healing and recovery.

The Battle Creek Foundation was awarded VOCA funding to hire a navigator to help provide resources for victims, their family members and community members. During the trial and sentencing of the defendant in the matter of People of the State of Michigan v. Charles Pickett (the cycling trial), the Navigator provided travel and other transportation services for the families to travel to and from Kalamazoo, Michigan to attend the sentencing. Additionally, there was a Court of Appeals Hearing in the matter of the People of the State of Michigan V. Jason Dalton (the uber shooting case), as well as a meeting with the Office of the Prosecuting Attorney whereby families were invited to attend and voice their positions on moving forward with the Appeal or forgoing the Appeal and moving forward toward the trial. The navigator, via VOCA funding, provided travel and other transportation services for the families to commute to and from Kalamazoo, Michigan, to attend both the appeals hearing and the meeting with the prosecutor.

A survivor's website was updated and maintained during this reporting period. An outreach campaign /plan was implemented to build awareness and increase access to trauma-informed and resiliency services for those impacted by these crimes in Kalamazoo and Battle Creek.

Support for grief and loss have all been researched and provided to victims, survivors, family members and tertiary victims. To date, counseling services, yoga therapy, movement therapy, life coach services, aquatic therapy, massage therapy, and acupuncture have been provided to victims, family members and community members affected by the crimes.

Statewide Sexual Assault Hotline

In April 2018 efforts began to create a Statewide Sexual Assault Hotline - a 24/7 crisis line - for sexual assault survivors in Michigan. The Statewide Sexual Assault hotline began taking calls in August 2018. The sub-grantee had to buy appropriate equipment, hire staff, and ensure that all staff were trained and managed appropriately. The toll-free number for the statewide sexual assault hotline is **1-855-VOICES4** and the website is <https://www.mcedsv.org/hotline.html>.

Victim of Crime Act (VOCA) Training and Technical Assistance Efforts

VOCA Training Activities

The Commission conducted a webinar and in-person trainings for recipients of federal VOCA grant funds during FY 2018. The training efforts focused on a number of topics including training on how to use the on-line grants management system, federal grant compliance requirements and financial and programmatic grant reporting requirements.

The Commission supported training and technical assistance to communities seeking to develop or sustain a Children's Advocacy Center (CAC) by the Children's Advocacy Center of Michigan (CAC-MI). In 2018 CAC-MI completed a feasibility study and needs assessment whose purpose was to guide the growth and development of Children's Advocacy Centers in Michigan. The goal is for all of Michigan's children to have access to this important victim service regardless of where they reside in the state. CVSC intends to use this strategic plan to inform our VOCA grant funding process and continue to support the regionalization of services throughout Michigan. It will avoid duplication of effort so that grant resources are available to communities that need them. After a competitive grant award process in 2018, VOCA Grant funds were awarded to an additional Children's Advocacy Center in Michigan to cover a large percentage of the counties within Michigan's lower peninsula.

United Three Fires Against Violence, a tribal coalition, held an outreach meeting in September 2018 with tribal representatives to discuss needs of victims and for tribes to learn about VOCA grant program and the grant application process.

The Commission supported trainings offered by the Michigan Coalition to End Domestic and Sexual Violence to provide skills development training on a variety of topics to victim service staff around the state.

These three organizations provided during FY 10/1/2017-9/30/2018.

Number of requests received for education.	24
Number of people trained or attending education events.	2370
Number of events conducted.	250

The State of Michigan implemented a discretionary federal grant to establish the Michigan Victim Advocacy Network training and technical assistance project (<https://mivan.org/>). The mission of MIVAN is to maximize the knowledge, skills and connections of advocates working with crime victims.

Grant Monitoring and Oversight

Monitoring of VOCA Grantees (sub-recipients) is performed in compliance with federal and state rules and laws. Monitoring activities includes staff review of monthly financial status reports, quarterly program reports, annual financial and performance reports submitted and financial and desk audits. CVSC assesses progress in meeting goals and objectives and to evaluate outcome measures and program effectiveness. MDHHS issues management decisions and requires a corrective action plan if weaknesses are found through financial or programmatic audits or review. Corrective action plans, if required, were received from agencies visited or had desk audits in 2018 to ensure grant compliance.

VOCA Grant Compliance Review Site Visits

The Commission staff conducted grant compliance on site reviews at selected federally funded victim assistance projects. All agencies were found to be in satisfactory compliance with contractual requirements.

VOCA Grant Financial Compliance Review Audits

The financial audit staff conducted desk audit reviews of selected federally funded victim assistance projects. The desk reviews consist of documentation review (such as paid receipts, timesheets and pay subs) to ensure that federal grant expenditures reported are actual costs and are adequately supported by agency source documentation.

Victims of Crime (VOCA) Crime Victims Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the Crime Victims Assistance program provides federal dollars in grants to **local public and non-profit agencies** that engage in direct services to crime victims in the community. Annual support levels to the state are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services are efforts that respond to the emotional and physical needs of crime victims; assist victims of crime to stabilize their lives after victimization; assist victims to understand and participate in the criminal justice system; or restore a measure of security and safety for the victims. To be eligible, an agency must promote public and private coordination; utilize volunteers; have non- federal sources of service funds; assist victims with compensation claims; and have a proven record of direct service provision to victims of crime.

Crime Victim’s Rights and Assessment Revenue

The Crime Victim Rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to Michigan’s prosecuting attorneys, the Prosecuting Attorneys Association of Michigan, the Michigan Sheriff’s Association, and several juvenile courts to support implementation of the William Van Regenmorter Crime Victim’s Rights Act, P.A. 87 of 1985; to the department for implementation of P. A. 223 of 1976, the Crime Victims Compensation Act; and for costs associated with supporting MI-VINE, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

Crime Victims Compensation

During FY 2017-2018, the Crime Victims Compensation program paid more than \$2 million in direct financial assistance to crime victims in 700 claim awards. In 40 years of operation, the program has paid more than \$104 million in awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim’s family.

Sexual Assault Forensic Examination (S.A.F.E.) Response

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Michigan Department of Community Health (now the Michigan Department of Health and Human Services), Crime Victim Services Commission. Sexual assault victims can obtain a sexual assault forensic examination (S.A.F.E) at no cost to them, and they do not have to cooperate with law enforcement in order to obtain a free forensic examination.

	<u>2018</u>
S.A.F.E. Claims Filed	2,689
Total Paid on S.A.F.E. Claims (All State Dollars)	\$1,186,908

In fiscal year 2017-2018, state revenue paid out \$1,261,698 in payments for sexual assault forensic examinations directly to providers.

History of Authorization for Crime Victim Services

Crime Victims Compensation Act-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended seven times between 1985 and 2010 to expand basic program eligibility and coverage for victims.

Victims of Crime Act of 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

The William Van Regenmorter Crime Victim's Rights Act-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victim's Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Michigan Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

Constitutional Amendment for Crime Victims Rights

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victim's rights, and provided legislative authority to assess convicted defendants to pay for crime victim's rights.

The Criminal Assessments Act-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victim Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund and provided for disbursements from the fund to support crime victim rights services. The Commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the Commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976 and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to them.
