

MEGAVOLTAGE RADIATION THERAPY (MRT) SERVICES

STANDARD ADVISORY COMMITTEE (SAC) CHARGE

As Approved by the CON Commission during the February 8, 2018 meeting

The MRT Services SAC should consider reviewing and recommending any necessary changes to the MRT services regarding the following:

1. Determine if modifications are necessary to the weights in Table 1 of Section 10.
2. Determine if modifications are necessary for the volume requirements contained within the standards.
3. Consider any technical changes from the Department, e.g., updates or modifications consistent with other CON review standards and the Public Health Code.
