How to verify if the ordering/referring/attending NPI is enrolled in the Michigan Medicaid program using the Provider Verification Tool

- Effective for dates of service on or after July 1, 2013.
- As outlined in [MSA 12-55](#), claims for services rendered as a result of an order or referral must contain the name and individual National Provider Identifier (NPI) of the practitioner who ordered or referred the items or services.
- All practitioners who order/refer/attend services for Michigan Medicaid beneficiaries must be enrolled in the Michigan Medicaid program via CHAMPS.
- The status of a provider's enrollment with Michigan Medicaid can be verified using the Provider Verification tool in CHAMPS. The Provider Verification tool can be found under the MY INBOX tab within CHAMPS.
