MDOT Local Agencies Program (LAP) has oversight responsibilities for LTAP, as performed by LTAP staff of Michigan Technological University (MTU). Those responsibilities include working with the LTAP Steering Committee as well as with MTU, to develop and approve the overall work plan of tasks. The work plan typically includes annual tasks such as arranging and coordinating the County Engineer's Workshop, creating and publishing "The Bridge" newsletter, and developing training materials and conducting training sessions.

Work is beginning on developing the FY 2021 work plan. Again this year, the Steering Committee invites members of the Michigan County Road Association (CRA) and Michigan Municipal League (MML) to suggest activities or topics that could be included in this or in future work plans.

Suggestions should be forwarded to any of the following steering committee members:

Larry Brown – Allegan County Road Commission
Mason County Road Commission
lbrown@alleganroads.org

Bruce Kadzban - Supervisor
Rural & Enhancement Unit
MDOT – Local Agency Programs
517- 335-2229
kadzbanb@michigan.gov

Kurt Zachary - Local Agency Program Engineer
FHWA – Michigan
kurt.zachary@dot.gov
517-702-1832

Suggestions should be received before May 8, 2020.

Thank you in advance for your ideas and suggestions.
