MDOT Local Agency Programs (LAP) has completed updates to the three program application forms that local agencies complete and forward to LAP as part of the grade inspection submittal. These three forms, MDOT Forms 0258, 0259, and 0260, deleted the three pages that local agencies formerly used for its environmental certification.

The updated forms, dated 12/19 in the form header, are available immediately on the LAP website (www.michigan.gov/mdotlap), in the "Forms" link on the individual pages for each LAP Unit.

Local agencies should begin using these forms with the next project that it submits to LAP. Projects that LAP receives before February 10, 2020 can use the previous edition of the programming application forms.
