

I-69 Industry Safety and Constructability Review

The Michigan Department of Transportation (MDOT) intends on having an Industry safety and constructability review of the maintaining traffic and staging plans for I-69 from I-96 to Airport Road (JN's 125869, 129982, and 204666).

This project is still in the development process and MDOT plans to post additional information on the process and the documents for review and comment on March 20, 2020 to this webpage. There will be a three-week review and comment period and all comments will need to be submitted to MDOT on or before April 10, 2020.
