Footnotes:

- ¹ Includes WIOA, PATH, TAA, and Food Assistance data.
- ² Measured in weeks; calculated from the date training began to when training ended. This column only captures individuals who exited the program during the reporting period.
- ³ There may be a duplication in counts as participants move between programs or institutions.
- ⁴ The wage amount is captured at the time a participant exits the program.
- ⁵ Includes WIOA and TAA data only.
- ⁶ The MWA total average is weighted by the number of participants included in the calculation for each MWA; it is not a simple average.
- ⁷ The statewide average is derived by taking the number of participants in each MWA multiplied by the wage earned by each participant.
