**Physical and Mental Health Care Expenditure Report – FY20 1st Quarter**

Sec. 802. As a condition of expenditure of the funds appropriated in part 1, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with quarterly reports on physical and mental health care detailing quarterly and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts for prisoner health care, mental health care, pharmaceutical services, and durable medical equipment. These reports shall include a breakdown of all payments to the integrated care provider itemized by physical health care, mental health care, and pharmacy services.

**Status of Payment from Contractors to Vendors** - The Michigan Department of Corrections (MDOC), Budget and Operations Administration, conducts a monthly financial review of Corizon payments for timeliness and accuracy of claims payment information. The financial review for payment status of claims for paid dates beginning 11/1/2018-11/30/2019 for the contract with Corizon showed that 84.4% of received claims were paid within 45 days. Of the 57,484 service claims (excluding lab claims) paid from 11/1/2018-11/30/2019, there were 42,026 vendor claims (complete and with authorization codes) paid within 45 days. There were 8,961 vendor claims (15.6% of the total vendor claims) paid after 45 days. Monthly reports are received by the MDOC detailing the status of all claims. There was one complaint to the MDOC during this quarter from a vendor receiving late payments from Corizon, for services.
