

1 Piece (WMTD) Violation Definitions

1 Piece (WMTD) Battery

- The battery is getting low and the device needs to be charged. The device must be charged for a minimum of two hours daily (the hours do not have to be consecutive). When the battery needs to be charged, the device will vibrate three times consecutively and then once every ten minutes until it is connected to the charger. During this time, the Power LED will blink **Red**.

Motion No GPS

- The WMTD has accumulated 20 minutes of motion in a 60 minute period without receiving a signal from the GPS satellites. The device will vibrate three times consecutively, and once every ten minutes thereafter, until the violation has cleared by acquiring GPS. During this time, the GPS LED will blink **Red**.
- The offender has a customer defined time period from this point to clear the Motion No GPS before it becomes a violation and notifications are sent out.

1 Piece (WMTD) Strap

- The strap has been compromised or removed from the 1 Piece (WMTD). There will not be any notification to the offender that this has occurred unless the officer selects the **Notify Offender with Vibrate** option on this rule.

1 Piece (WMTD) Unable to Connect

- It has been 2 ½ hours for the Active WMTD or 7 ½ for the Passive 1 Piece (WMTD) since it has contacted 3M Electronic Monitoring. This is normally due to poor cellular coverage in the area. The offender is not notified of the Unable to Connect. Once the 1 Piece (WMTD) is able to use the cellular network to call in, it will report any violations that occurred during this time and download all tracking data.

1 Piece (WMTD) Tamper

- The 1 Piece (WMTD) has been compromised in some form. There will not be any notification to the offender that this has occurred unless the officer selects the **Notify Offender with Vibrate** option on this rule.

Geographic Rules

Zone Rules- The offender has violated a Zone set up by the user. The device will vibrate three times consecutively, and once every ten minutes thereafter, while in violation if the Notify With Vibrate feature is checked. The Zone LED will blink **red**.

- **Inclusion Zone**
 - Geographic areas like home, work, or school where the offender is confined during an officer defined schedule.
- **Exclusion Zone**
 - Geographic areas used to define off-limits areas to the offender.
