

VOLUNTARY DISCLOSURE

ABOUT THE DISCLOSURE

All voluntary disclosures pursuant to Part 148, Environmental Audit Privilege and Immunity, of the Natural Resources and Environmental Protection Act, P.A. 451 of the Public Acts of 1994 as amended (NREPA), being Sections 324.14801 to 324.14810 of the Michigan Compiled Laws Annotated (Part 148), **must be submitted to the agency in writing.**

This document is provided by the Department of Environment, Great Lakes and Energy (EGLE) to be used to voluntarily disclose a violation under Part 148. It is not required that this document be used; however, it is recommended as it will facilitate processing of the disclosure. Disclosure in another format should include the information requested in this document.

A separate disclosure must be submitted for each different property location even if the violations found at the different locations were discovered during the same environmental audit.

VOLUNTARY DISCLOSURE

To be considered voluntary, the disclosure must meet all of the following criteria:

- 1) The disclosure of the information arises out of an environmental audit.

An environmental audit is defined in Part 148 as a *voluntary* and internal evaluation conducted on or after March 18, 1996, of one or more facilities or an activity at one or more facilities regulated by environmental laws. **The collection of information or data required by a permit, order, or regulation cannot be considered a part of an environmental audit because it is not a voluntary act. For example, discharge or emission sampling required by a state permit is not a part of an environmental audit.**
- 2) The environmental audit occurs before the person is made aware that he or she is under investigation by a regulatory agency for potential violations of NREPA.
- 3) The disclosure is made promptly after knowledge of the environmental violation is obtained by the person.
- 4) The person initiates an appropriate and good-faith effort to achieve compliance, pursues compliance with due diligence, and promptly corrects the violation after its discovery.

IMPORTANT

Receipt of this disclosure by EGLE is not an admission on the part of the state that the disclosure meets the requirements of Part 148 of NREPA to qualify for immunity from fines and penalties under state law or that the items disclosed, including the violation resolution/response strategy, are appropriate or acceptable. EGLE also does not waive any responsibilities as provided by applicable law to correct the violation(s), conduct necessary remediation, or pay damages.

Part 148 does not provide any immunity from federal laws or regulations. However, EPA has delegated many federal environmental programs to EGLE to administer under the authority of state laws. Immunity from state penalties does apply to violations of these joint state/federal requirements where the violations are voluntarily disclosed pursuant to Part 148. In the event that EPA would pursue an independent action under federal law, Michigan's immunity law would not apply. The federal policy on voluntary disclosures is contained in the EPA policies "Incentives for Self-Policing: Discovery, Disclosure, Correction and Prevention of Violations" and "Policy on Compliance Incentives for Small Businesses." Questions regarding the federal policy on voluntary disclosures should be directed to the U.S. Environmental Protection Agency, Region 5 Enforcement Coordinator. **Read the instructions for each item before completing the disclosure.**

Please print or type all information.

<p>1. GENERAL INFORMATION. The property location can be a street address or a township, range, section and quarter-section location. The location should be specific. Identifying the county is necessary to assure that the appropriate EGLE district office receives the disclosure.</p> <p>It is very important to provide the name and phone number of a person who can be contacted to answer questions about the voluntary disclosure.</p>				
COMPANY NAME				
STREET ADDRESS/LOCATION				
TOWNSHIP & RANGE		SECTION	QUARTER SECTION	
CITY		STATE	ZIP CODE	COUNTY
MAILING ADDRESS (if different from above)		CITY	STATE	ZIP CODE
CONTACT PERSON REGARDING THIS DISCLOSURE		TITLE	PHONE NO.	EMAIL

<p>2. ENVIRONMENTAL AUDIT INFORMATION. The information provided in this section must support the claim that an audit was conducted and that the information disclosed arose from that audit. <u>It is not required that the audit report be submitted.</u> If the environmental audit report is submitted, it is a disclosure and not subject to privilege (confidentiality) unless it is submitted with an executed confidentiality agreement.</p>	
NAME OF PERSON FOR WHOM THE AUDIT WAS CONDUCTED	TITLE
NAME OF PERSON (FIRM) WHO CONDUCTED THE AUDIT?	
DATE(S) AUDIT PERFORMED (START-END)	DATE NOTICE OF INTENT WAS SUBMITTED TO EGLE:
BRIEF STATEMENT OF AUDIT SCOPE AND DIRECTION TO AUDITORS	

3. DISCLOSURE INFORMATION. Each violation¹ should be described completely and include the following applicable information:

- The part of NREPA that was violated, if known. (A list of the parts of NREPA covered by Part 148 is located on page 3 of this disclosure.)
- A description of the rule or permit condition that was involved.
- A description of the type and amount of the exceedance, if any.
- A description of the type and extent of contamination, if any. (If a description cannot be provided at this time, indicate unknown.)
- An indication of whether the violation is past or ongoing.
- The cause of the event, if known.

¹Note: The submission of a Voluntary Disclosure on this form is not an admission the information is a violation of NREPA or that the person making the disclosure was responsible for the violation.

DATE OF VIOLATION	PART OF NREPA VIOLATED (if known)	DETAILED DESCRIPTION OF EACH ISSUE BEING DISCLOSED, INCLUDING DATES AND LOCATION ON THE PROPERTY. (ATTACH EXTRA SHEETS AND/OR MAPS IF NEEDED.)

4. VIOLATION(S) RESOLUTION/RESPONSE STRATEGY. Describe the action taken and/or proposed to resolve the violation(s). Include the estimated date by which each violation has been or will be resolved and compliance achieved; schedule for achieving compliance, if appropriate; compliance maintenance schedule, if appropriate; or in the case of an unpermitted operation, the date by which a complete permit application will be filed with EGLE.

5. SIGNATURE.	
<i>I have the authority to make this disclosure and related statements contained in this form.</i>

WHERE TO SUBMIT VOLUNTARY DISCLOSURES

Please submit completed Voluntary Disclosures to the below email:

ELGE-NREPA-Part148@michigan.gov

QUESTIONS

For questions regarding how to complete this form, or general questions about disclosures, **call the Environmental Assistance Center (EAC) at 1-800-662-9278.**

PARTS OF NREPA COVERED BY PART 148

Article II Pollution Control

Chapter 1: Point Source Pollution Control

<u>Part</u>	<u>Description</u>
31	Water Resources Protection
33	Contamination of Waters
35	Iron Ore Beneficiation
37	Water Pollution Control Facilities
39	Cleaning Agents
41	Sewerage Systems
43	Waterworks Systems, Sewers, and Disposal Plants
47	Sewage Disposal and Water Supply Districts
49	Construction of Collecting Sewers
51	Wastewater Disposal
53	Clean Water Assistance
55	Air Pollution Control
67	Motor Fuels Quality

Chapter 2: Nonpoint Source Pollution Control

81	General Nonpoint Source Pollution Control
83	Pesticide Control
85	Fertilizers
87	Groundwater and Freshwater Protection
89	Littering
91	Soil Erosion and Sedimentation Control
95	Watercraft Pollution Control

Chapter 7: Remediation

201	Environmental Response
-----	------------------------

Article III: Natural Resources Management

Chapter 1: Habitat Protection

301	Inland Lakes and Streams
303	Wetlands Protection
305	Natural Rivers
307	Inland Lake Level
309	Inland Lake Improvement
311	Local River Management
313	Surplus Waters
315	Dam Safety
321	The Great Compact
323	Shorelands Protection and Management
325	Great Lakes Submerged Lands
327	Great Lakes Preservation
329	Great Lakes Protection
333	Coastal Beach Erosion
335	Surplus Waters Management
337	Flood, Drainage, or Beach Erosion Control
339	Control of Certain State Lands
341	Irrigation Districts
343	Great Lakes Conservation
353	Sand Dunes Protection and Management

Chapter 3: Waste Management

- 111 Hazardous Waste Management
- 113 Landfill Maintenance Trust Fund
- 115 Solid Waste Management
- 117 Septage Waste Services
- 119 Waste Management and Resource Recovery
Finance
- 121 Liquid Industrial Wastes

Chapter 4: Pollution Prevention

- 147 PCB Compounds

Chapter 5: Recycling and Related Subjects

- 161 Plastic Products Labeling
- 163 Plastic Degradable Containers
- 167 Used Oil Recycling
- 169 Scrap Tires
- 171 Battery Disposal

Chapter 3: Management of Nonrenewable Resources

- 615 Supervisor of Wells
- 617 Unitization
- 619 Drilling in the Pigeon River State Forest
- 625 Mineral Wells
- 631 Reclamation of Mining Lands
- 635 Surface and Underground Coal Mine
Reclamation
- 637 Sand Dune Mining
- 641 Peat Extraction From State Owned Lands
