The purpose of the local WDB is explained in 20 Code of Federal Regulations 679.300. The WDB represents a wide variety of individuals, businesses, and organizations throughout the local area, and serves as a strategic means to promote and establish effective relationships between the Chief Elected Officials (CEOs) and economic, education, and workforce partners.

Policy:

The local WDB must develop a strategy to continuously improve and strengthen the workforce development system through innovation in, alignment with, and improvement of employment, training, and education programs to promote economic growth. Local WDB members must establish a platform in which all members actively participate and collaborate closely with the required programs and other partners of the workforce development system, including public and private organizations. This is crucial to the local WDB's role in integrating and aligning a more effective, job-driven workforce investment system.

Per the WIOA Section 107(c)(2)(A), the Governor shall, once every two years, certify one local board for each local area in the state. Such certification shall be based on criteria established under subsection (b) – Board Membership, and for a second or subsequent certification, the extent to which the local board has ensured that workforce investment activities carried out in the local area have enabled the local area to meet the corresponding performance accountability measures and achieve sustained fiscal integrity, as defined in Section 106(e)(2).

This policy provides requirements for the submission of documentation necessary for recertification of each local WDB for Program Years 2021 and 2022 (July 1, 2021 thru June 30, 2023). All required forms and instructions are attached to this policy.

Appointment of Board Members

The Workforce Innovation and Opportunity Act (WIOA) Section 107(b) outlines the required composition of local Workforce Development Boards (WDBs) and the process for nominating and appointing members. The following process shall be used by the Chief Elected Official (CEO) for appointment of local WDB members: Business representatives shall be appointed from among individuals nominated by local business organizations and business trade associations, and representatives of labor organizations shall be appointed from among individuals who have been nominated by local labor federations. For members representing these two categories, the CEO must establish a formal policy to facilitate nominations. When there is more than one local area provider of adult education and literacy activities under Title II, or multiple institutions of higher education providing workforce investment activities, the CEO must solicit nominations from those providers and institutions, respectively, prior to appointing the required representatives. The CEO shall make all appointments to the local WDB.

Note: All representatives appointed to the local WDB must have “optimum policymaking authority,” that is the individual may reasonably be expected to speak affirmatively on behalf of the entity he or she represents and to commit that entity to a chosen course of action.

A majority of the members of each local WDB shall be representatives of business in the local area. At a minimum, two business sector members must represent small businesses as defined by the U.S. Small Business Administration. All business representatives shall be individuals who:

- (1) Are owners of businesses, chief executives or operating officers of businesses, or other business executives or employers with optimum policymaking or hiring authority;

AND

- (2) Represent businesses, including small businesses, or organizations representing businesses, **that provide employment opportunities in in-demand industry sectors or occupations**, as those terms are defined in the WIOA Section 3(23); and provide high-quality, work-relevant training and development opportunities to its workforce or the workforce of others (in the case of organizations representing business);

AND

- (3) Are appointed from among individuals nominated by local business organizations and business trade associations.

Members of the local board that represent organizations, agencies, or other entities shall be individuals with optimum policymaking authority within the organizations, agencies, or entities. The members of the board shall represent diverse geographic areas within the local area and represent employers whose employment opportunities reflect existing and emerging employment opportunities in the region. Board members are required to be employed by the sector they represent, with exceptions noted in the WDB Composition section of this policy.

Members may have alternates attend meetings on their behalf, if they are from the same sector and go through the same nomination/appointment process as regular members.

WDB By-Laws

The WDBs should thoroughly review and update their by-laws and submit them to the Michigan Department of Labor and Economic Opportunity, Workforce Development (LEO-WD) with the other required information.

The CEO must establish by-laws, consistent with State policy for local WDB membership, that, at a minimum, address:

- (1) The nomination process used by the CEO to select the WDB Chair and members.
- (2) The term limitations and how the term appointments will be staggered to ensure only a portion of membership will expire in a given year.
- (3) The process to notify the CEO of a WDB member vacancy to ensure a prompt nominee.
- (4) The proxy and alternative designee process that will be used when a WDB member is unable to attend a meeting and assigns a designee as per the requirements at 20 Code of Federal Regulations (CFR) 679.110(d)(4).
- (5) The use of technology, such as phone and web-based meetings, that will be used to promote WDB member participation. The process to ensure WDB members actively participate in convening the workforce development system's stakeholders, brokering relationships with a diverse range of employers, and leveraging support for workforce development activities.
- (6) A description of any other conditions governing appointment or membership on the WDB as deemed appropriate by the CEO.

WDB Chair

All local WDBs must have a board chair. The WDB Chair is elected by the WDB and must be a business sector member of the board (WIOA Section 107(b)(3)). The WDB may also choose to elect a vice-chair who can carry out the chair's functions should the chair be unavailable. The vice-chair must also be elected by the WDB and represent the business sector.

Change in Status, Reappointment, and Terms

Any local WDB member who no longer holds the position or status that made them eligible to represent a specific sector on the WDB must resign or be removed by the CEO immediately as a representative of that sector (e.g., they no longer work in the business sector, are no longer affiliated with an educational institution, etc.). A resignation is not effective until it has been accepted by the CEO or a successor appointed.

Reappointments must be initiated through a nomination by the same sector and be reappointed by the CEO following an established formal policy when applicable. All members serve staggered and fixed terms.

To best allow for comprehensive nominations, review, and appointment, board vacancies must be filled within 120 days from the time the vacancy was created. The WDBs with vacancies exceeding 120 calendar days will be considered not in compliance.

Conflict of Interest

The WDB members must ensure that their individual interests do not conflict or interfere with their duties while serving in their appointed positions. As part of the WDB certification, all board members (including the WDB Chair) must submit the Conflict of Interest Attestation Form (Attachment A or B) signed by both the board member and the local Michigan Works! Agency Director.

Situations sometimes require board members to abstain from voting on issues in which they may be affiliated. In cases where the WDB member abstains from voting, the WDB must document this using the WDB Disclosure Report Form (Attachment F). The completed form must be submitted to the WD at WDB@michigan.gov after every meeting in which abstention occurs. In addition to sending the Conflict of Interest Attestation form, the WDB must also include the approved meeting minutes which mention the abstention.

Meetings

A minimum of one official meeting of the WDB shall be held each quarter (four meetings each year). No official WDB business may be conducted in the absence of a quorum. To constitute a quorum, a majority of the total membership must be in attendance at the time of the meeting. Vacancies do not count toward a quorum.

Note: Michigan's Open Meetings Act defines a meeting in Section 15.262. "Meeting" means the convening of a public body at which a quorum is present for the purpose of deliberating toward or rendering a decision on a public policy.

Multiple Entity Representation

Members of the local board may be appointed as a representative of more than one entity if the individual meets all the criteria for representation for each entity represented, including nomination (following a formal process, if applicable), "optimum policymaking authority" for both entities and "demonstrated experience and expertise," if applicable. The expectation is for this to be a rare occurrence and that all submissions will be addressed on a case-by-case basis.

Nepotism

The WDBs shall assure that local provisions are established and maintained to prevent persons in an administrative capacity from using their positions for a purpose that is, or gives the appearance of, being motivated by favoritism for themselves or others with whom they have family relationships.

Nominations

Nominations to the WDB are required under the WIOA for the following sectors:

- (1) All Business Sector members.
- (2) Labor Organizations - For a local area in which employees are represented by labor organizations; nominated by local labor federations.
- (3) Adult Education/Literacy and Higher Education - If there are multiple eligible providers serving the local area by administering adult education and literacy activities under Title II, or multiple institutions of higher education serving the local area by providing

workforce investment activities, the CEO must solicit nominations from those providers and institutions, respectively; each representative shall be appointed from among the individuals nominated by such providers or institutions, or by the CEAC.

Notes

- (1) In Michigan, services under Wagner-Peyser are delivered at the local level by the WDB staff or contracted staff. Local boards are required to appoint a member in this category. Due to the agreement resulting from the *State of Michigan v. U.S. Department of Labor*, U.S. District Court No. 5:98-CV-16, the local WDB may serve as the State Employment Service representative.
- (2) The CEO shall appoint business sector members from employers that represent existing and emerging in-demand industry sectors in the local area. Representatives must be from the business sector. Private not-for-profit entities and public entities that operate as businesses and are employers may be considered business sector members on the local WDB. Such entities should align with the key industry sectors for the state and the local area (e.g., a not-for-profit hospital, prison, etc.) as identified in the WDB's local plan. Organizations whose functions align with other represented sectors must be classified in that sector and cannot be classified as a Business Sector Representative. Examples include:
 - (a) Chambers of Commerce and Visitors and Convention Bureaus may be appointed to local boards as a representative of a Community-Based Organization or, if they function as the local economic development agency, as an economic development representative.
 - (b) Representatives from proprietary schools cannot be considered a business sector member.

The Michigan Works! Agencies (MWAs) must document how board members in this sector qualify as representatives of businesses which provide employment opportunities in in-demand industry sectors or occupations. Documentation (e.g., Labor Market Information or hiring history) must be retained on file at the MWA.

- (3) An organized labor representative can be a member of a labor organization or steward without being employed by a labor organization. Should a representative, as described in paragraph (ii) under Required Labor Organizations, not be available in the local area as attested to by the CEO, any combination of eligible representatives will be acceptable.
- (4) "Demonstrated experience and expertise" means an individual who is a workplace learning advisor as defined in the WIOA Section 3(70); contributes to the field of workforce development, human resources, training and development, or a core program function; or who the local board recognizes for valuable contributions in education or workforce development related fields.

Notification of Membership Change

When there is an appointment or resignation of a board member or a new board Chairperson or Vice-Chair (if applicable) is elected, an updated Membership Roster (Attachment D) must be submitted, with the change highlighted, to the WD within 30 days.

Other Members

Per the WIOA Section 107(b)(2)(E), each local board may include such other individuals or representatives of entities as the CEO in the local area may determine to be appropriate. Representatives in this category will be voting members and subsequently will impact the percentage composition requirements for the Business and Labor Organizations sectors.

If the local board chooses to include WD staff as a WDB member, the member shall be Ex-Officio and non-voting. The local board shall indicate on their roster, under "Other," that they would like the WD to nominate a WD staff member to the local board.

Standing Committees

The WDB may designate and direct the activities of standing committees to provide information and to assist the WDB in carrying out their required responsibilities. Such standing committees shall be business sector led and shall be chaired by a member of the WDB. Standing committees may include other WDB members but shall also include other non-WDB members possessing appropriate experience and expertise determined and appointed by the WDB. The WDB may designate each of the following standing committees:

- (1) Operations - to provide information and assist with operational and other issues relating to the One-Stop delivery system, which may include members representing One-Stop partners.
- (2) Youth - to provide information and to assist with planning, operational, and other issues relating to the provision of services to youth which shall include community-based organizations with a demonstrated record of success in serving eligible youth. The CEAC may serve in this capacity, provided they meet the requirements outlined in 20 CFR 681.110 and operate in accordance with 20 CFR 681.120.
- (3) Disability Concerns - to provide information and to assist with operational and other issues relating to the provision of services to individuals with disabilities, including issues relating to compliance with Section 188, if applicable, and applicable provisions of the Americans with Disabilities Act of 1990 (42 United States Code 12101 *et seq.*) regarding providing programmatic and physical access to the services, programs, and activities of the One-Stop delivery system, as well as appropriate training for staff on providing supports for, or accommodations to, and finding employment opportunities for individuals with disabilities.

The local board may designate standing committees in addition to the standing committees specified above.

Additional Requirements

- (1) A yearly meeting schedule must be submitted to the WD and posted to the MWA's website by January 15 of each year.
- (2) All approved meeting minutes shall be posted on the MWA's website not more than five business days after the meeting at which they are approved, and a copy submitted electronically to the WD at WDB@michigan.gov.
- (3) The recertification materials should be submitted in a packet directly from the MWA to the WD.

Appeals Process

A WDB decertified by the WD has the right to appeal. The appeal must be filed with the WD within 30 working days from the date of the notification of decertification. All appeals shall be submitted electronically to WDB@michigan.gov and LEO-TSDIV@michigan.gov. Appeals will follow the WD Grievance and Complaint Policy in effect at the time of the WDB's notification of decertification.

Chief Elected Officials shall not appoint an individual to serve on a local WDB if he or she has an ownership interest in or is employed by an organization that receives money under the direct control of the board, or if the individual engages in any other activity that creates a conflict of interest or what would appear to a reasonable person to be a conflict of interest.

Exception - An individual who has an interest in or is employed by an entity that receives money under the partial or complete control of the local WDB may be appointed to, or continue to serve on, the board if the individual does not hold a policymaking position with the entity and would not receive other than a remote or incidental benefit from the board's decisions.

The exception applies to allow local WDB representation from entities such as a school that enrolls students with tuition paid from funds under the control of the board, a government agency from which representation is required, and an employer that accepts compensation for the extraordinary costs of providing Employer-Based Training from funds under the board's control.

COMPOSITION SUMMARY FORM INSTRUCTIONS**

The following WDB Composition Summary, indicating the actual number and percentage of representatives by sector, must be completed and submitted as part of the recertification package. Minimum composition requirements are noted. A majority shall be Business Sector representatives, and Labor Organizations shall constitute a minimum of 20 percent of the total membership. Community-Based Organizations may be counted towards the 20 percent requirement if conditions outlined in this policy issuance are met.

In the first column, indicate the number of members in each sector. In the second column, indicate the percentage of the entire membership that this number constitutes. Do not count ex-officio representatives in the percentage calculations, unless the representative is explicitly designated as a voting member.

Labor Organizations/Apprenticeship Check Box – Check this box if the Chief Elected Official (CEO) attests there are no organizations meeting the requirements of this sector in the local area.

Required—shall include one or more representatives of a joint labor-management, or union affiliated, registered apprenticeship program within the area who must be a training director or a member of a labor organization. If no union affiliated, registered apprenticeship programs exist in the area, a representative of a registered apprenticeship program with no union affiliation must be appointed, if one exists. The checkbox allows the CEO designation of the inability to meet the required subdivisions of labor representation.
