

INSTRUCTIONS FOR COMPLETING NONPUBLIC SCHOOL MEMBERSHIP REPORT

The Nonpublic School Membership Report is provided annually to all nonpublic schools, including home schools. This form is the Michigan Department of Education's (MDE's) method of gathering information about the schools. Completion of the form is important because if the school meets the reporting requirement of the Nonpublic School Act, students are eligible to receive auxiliary services through their local public school district or intermediate school district.

LEGAL NAME, ADDRESS, AND EMAIL ADDRESS OF NONPUBLIC SCHOOL

Please print the appropriate information in the boxes:

If you are completing a form for a home school, provide the parent or guardian's name and address in the box labeled "Legal Name of Nonpublic School." Provide the street address and email address in the appropriate boxes.

If you are completing a form for an institutional nonpublic school, provide the name, address, and email address of the school in the appropriate boxes.

1. TOTAL MEMBERSHIP BY GRADES

Of the students below, how many are certified as special education students? This question pertains to the number of students who have been formally classified by a public school district as eligible for special education services.

Of the students in grades 1-12, how many are in attendance part-time? This question pertains to those students carrying less than a full-time number of credits.

Grade and Student Count: Write the number of students in each grade level in the appropriate box. For students in nongraded programs, consider their grade to be the number of years in school beyond kindergarten. Please remember to write the total number of students in the "TOTAL" box to the right. If your education program does not have children of compulsory school age, (ages 6-16), you are not required to file this form with the MDE.

2. TEACHER QUALIFICATIONS

"Does your school claim an objection to teacher certification based upon a sincerely held religious belief?" Check "YES" or "NO."

(If you stated "YES," you are exempt from the teacher certification requirement and do not need to complete the rest of section 2 regarding teacher qualifications. **Go to section 3** "Course of Study".)

In the section marked, PLEASE PROVIDE:

Please be certain that the number given in "TOTAL NUMBER OF TEACHERS" is the same as the sum of the number of tallies behind the statements that describe the type of certificate or highest level of education the teachers possess. If you are registering a home school, please indicate the type of certificate or highest level of education you, as the teacher, have achieved.

Nonpublic schools and home schools utilizing teachers with less than a bachelor's degree or high school diploma do not meet reporting requirements. However, it is not required that teachers of Pre-K, Kindergarten, or solely nonessential classes hold a bachelor's degree or a teaching certificate. Please specify the course the individual is teaching on the form under "Number with less than a Bachelor's Degree" in section 2.

Criminal History Checks

Requirement: As a nonpublic school (not home school) you are **required** to check "YES" or "NO".

3. COURSE OF STUDY

Please check the boxes indicating the subjects that are taught. Schools are required to provide instruction in English, reading, mathematics, social studies, and science in all grades, and the government component at the high school level of grades 10, 11, and 12, at a minimum.

Complete the form by signing and printing your name, the date signed, and providing your phone number. Return it to the address at the top of the form by the date indicated on the form.

OTHER INFORMATION

If your school (home or institutional) begins operation after the due date, or if you do not receive the form before that date, please complete the form and return it within two weeks of receipt.
