Re: Flint Water Settlement Program

Dear Parents of _____:

On January 21, 2021, The Honorable Judith E. Levy of the United States District Court for the Eastern District of Michigan approved a settlement regarding *In re Flint Water Cases, Case 5:16-cv-10444 (2021)* for businesses, residents, and children who may have been exposed to contaminated water provided by the Flint Water Treatment Plant during the period of April 25, 2014 to November 16, 2020.

Following the settlement agreement, the Michigan Department of Health and Human Services (MDHHS) notified you that _____ may have been eligible to participate in the Settlement Program. Subsequent to that notice, a Registration Form was filled out on _____'s behalf to ensure that the Claim was protected.

Judge Levy entered an order authorizing several law firms involved in the case to assist children who have been in the foster care system through the Claims Process of the Settlement Program. We are one of those firms and we would like to speak with you about _____'s rights and what this may mean for him/her.

Please contact us at your earliest convenience as there is a limited time frame to complete this process. For more information on the settlement program, please visit the Flint Water Official Settlement Website by searching officialflintwatersettlement.com on your computer, mobile phone, or tablet for more information.

Sincerely,
