

# Costs Associated with Residency Training Program

(FY2017 Appropriation Act - Public Act 268 of 2016)

**August 1, 2017**

Sec. 1812. (1) By June 1 of the current fiscal year, and using the most recent available cost reports, the department shall complete a report of all direct and indirect costs associated with residency training programs for each hospital that receives funds appropriated in part 1 for graduate medical education. The report shall be submitted to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office.

**(2) By August 1 of the current fiscal year, the department shall develop a template for hospitals receiving funds appropriated in part 1 for graduate medical education to report the following in a standard format:**

**(a) The marginal cost to add 1 additional residency training program slot.**

**(b) The number of additional slots that would result in the need to add additional administrative costs to oversee the residents in the training program.**

**(c) The postresidency retention rate for the residency training program.**

(3) The department shall convene a workgroup to use the reports submitted under subsections(1) and (2) to assist in the development of metrics for distribution of graduate medical education funds and shall report to the senate and house appropriations subcommittees on the department budget and the senate and house fiscal agencies on the results of the workgroup by September 30 of the current fiscal year. It is the intent of the legislature that, beginning with the budget for the fiscal year ending September 30, 2018, the metrics developed by this workgroup be used to determine the distribution of funds for graduate medical education.

(4) If needed, the department shall seek a federal waiver to fulfill the requirements of this section.
