

In-Home and Out-of-Home Care Foster Care and Adoption Services Automated Payment Process

(FY 2017 Appropriation Act - Public Act 268 of 2016)

March 1, 2017

Sec. 533 (1). *The department shall make payments to child placing facilities for in-home and out-of-home care services and adoption services within 30 days of receiving all necessary documentation from those agencies. It is the intent of the legislature that the burden of ensuring that these payments are made in a timely manner and no payments are in arrears is upon the department.*

Sec. 533 (2). *No later than March 1 of the current fiscal year, the department shall submit a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office that details each private child placing agency and the percentage of payments that were in excess of 30 days during the entire prior fiscal year and the first quarter of the current fiscal year.*

In-Home and Out-of-Home Care Foster Care and Adoption Services Payments

Each private agency is responsible for approving their foster care payment roster through MiSACWIS (Michigan's Statewide Automated Child Welfare Information System) or through the Interactive Voice Response (IVR) phone process before MDHHS can release a payment. Payments are issued within 14 days of approval of the payment roster by the private child placing agency.

Adoption payments are submitted manually from Child Placing Agency service providers then reviewed and approved by the Office of Child Welfare Policy and Programs. Payment is issued within 14 days of the accounting unit receiving the approved voucher. Efforts are underway to implement a tracking system for the timeliness of adoption payments.

The attached report provides the percentage of foster care payments that were in excess of 30 days per agency.
