

Donated Funds Position Report

(FY2017 Appropriation Act - Public Act 268 of 2016)

March 1, 2017

Sec. 850. (1) The department shall maintain out-stationed eligibility specialists in community-based organizations, community mental health agencies, nursing homes, adult placement and independent living settings, federally qualified health centers, and hospitals unless a community-based organization, community mental health agency, nursing home, adult placement and independent living setting, federally qualified health centers, or hospital requests that the program be discontinued at its facility.

(2) From the funds appropriated in part 1 for donated funds positions, the department shall enter into a contract with any agency that requests a donated funds position and is able and eligible under federal law to provide the required matching funds for federal funding, as determined by federal statute and regulations. If the department denies a request for donated funds positions, the department shall provide to the agency that made the request the federal statute or regulation that supports the denial. If there is no federal statute or regulation that supports the denial, the department shall grant the request for the donated funds position.

(3) A contract for a donated funds position must include, but not be limited to, the following performance metrics:

(a) Meeting a standard of promptness for processing applications for Medicaid and other public assistance programs under state law.

(b) Meeting required standards for error rates in determining programmatic eligibility as determined by the department.

(4) The department shall only fill additional donated funds positions after a new contract has been signed. That position shall also be abolished when the contract expires or is terminated.

(5) The department shall classify as limited-term FTEs any new employees who are hired to fulfill the donated funds position contracts or are hired to fill any vacancies from employees who transferred to a donated funds position.

(6) By March 1 of the current fiscal year, the department shall submit a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget office detailing information on the donated funds positions, including the total number of occupied positions, the total private contribution of the positions, and the total cost to the state for any non-salary expenditure for the donated funds position employees.
