

## **Rail Infrastructure Loan Program - Report for Fiscal Year 2020**

This report on the rail infrastructure loan program is required under Section 15a (4) of Public Act 295 of 1976, as amended (MCL 474.65a(4)).

The loan program, also known as the Michigan Rail Loan Assistance Program (MiRLAP), helps preserve and improve freight railroad infrastructure by making interest free loans to railroads, local governments, economic development corporations, and current or potential users of freight railroad services for qualifying projects. Money received as repayment for loans made under this program, together with interest earned and any penalties assessed and received for failure to repay loans on time are credited to the fund to be allocated for the purposes of the program. Through this revolving fund, loans can continue to be made for rail infrastructure improvements in perpetuity.

The program has made \$24.1 million in loans since its inception. In all, forty-six loans have been awarded to twenty-eight separate applicants throughout the state.
