

State of Michigan Process for Scheduling Federal Courses

Effective 1/22/2014

Purpose: To enable the Michigan State Police, Emergency Management and Homeland Security Training Center (MSP/EMHSTC) to process and track recipients of federal courses taught in Michigan by utilizing MI-TRAIN for registration.

Each federal course has a minimum number of participants required and a maximum number of participants allowed. A responsibility of the course host is to reasonably ensure there is a strong interest in the course and that a minimum number of participants can be met locally. Please find out what your course's minimum number of participants is from the federal provider POC. *You must be able to identify commitment of **at least half the minimum number** of students **prior** to committing to host the course.*

For questions regarding National Training and Education Division ([NTED](#)) courses please contact our office by email to emhstc@michigan.gov. For questions regarding Emergency Management Institute (EMI) courses please contact our office by email to m-sp-em@michigan.gov.
