

Accomplishments  
June 2018 – June 2019

# TSEAT

---

**Traffic Safety Engineering Action Team**

The intent of this action plan is to lay the base framework to support and enhance the ability of the SHSP, GTSAC, the associated agencies and the public in the reduction of fatal, severe and total crashes in the drive Toward Zero Deaths

Kanitz, Dean (MDOT), Ceifetz, Andrew (WSP)

- Workshop at the MI TSS regarding setting Performance Measures
- Successfully hosted online-only meeting rather than cancelling for ice/snow back in February
- Scheduled first off-site meeting (at SEMCOG) in May, 2019
- Added Connected/Autonomous Vehicles to our area of focus (per Mark Bott) in April, 2019
